**MR PUNCH'S DEVILISH CONUNDRUM. OR: THE SECRET OF SULKING**

von Marc Becker, Uraufführung

29 September 2019, 14:00 - 15:00 PM

The award-winning "Thalia's Kompagnons" have travelled far and wide with their characters and stories and are now paying a visit to BAFF! with their play. In it, Mr Punch suffers an identity crisis after drinking a fiendish concoction, which throws him into a sullen mood. Unfortunately, the crisis also spreads to his friends, making them seriously doubt their roles in the play. Can our hero save the Punch and Judy show?
