**FIGURES IN THE THEATRE – GUIDED TOUR AND DISCUSSION**

4 September 2019, 18:00 - 19:30 PM

Humans are not the only beings that can tell a story on stage. In fact, puppetry thrives on seemingly lifeless actors and objects. On a tour of the exhibition “Bhima, Mr Punch, and the Demon” we learn about different forms of puppetry, among them the Indonesian Wayang Golek. After the tour, curator Richard Kunz and the directors of the Basel Puppet Theatre Festival, Kathrin Doppler and Marius Kopp, discuss what makes the puppet theatre such a special performance form.
