

Grasping anthropology – guided tour and discussion

**WHO NEEDS THIS MASK? DISCUSSIONS CONCERNING  
THE RESTITUTION OF CULTURAL HERITAGE OBJECTS**

5 June 2019, 18:00 - 19:30 PM

What's behind the claims for the restitution of cultural heritage objects? What does restitution mean for the future of anthropological museums? How does one reconcile the interests of the countries of origin with the concerns of research and conservation and the interest of museum visitors? In a short guided tour of Thirst for Knowledge meets Collecting Mania we first take a look at some "sensitive" objects before debating the issue in a podium discussion.

With Dr Anna Schmid, director of MKB, Prof Dr Elisio Macamo, University of Basel, and Prof Dr Gesine Krüger, University of Zurich, host: Beatrice Voirol, curator.
