## HOW SECRET ARE SECRET SOCIETIES?

6 March 2019, 18:00 - 19:30 PM

Exclusive men's and women's societies exude a distinct fascination. What are often erroneously described as "secret" societies pride themselves on their impressive visual displays, including colourful dance staffs, richly symbolic costumes, and impressive masks, as we shall see on our tour of the exhibition Secrecy. With regard to European Freemasonry, we have asked an expert, himself a freemason, to provide a view from the inside.

> With Tabea Buri, curator of the exhibition Secrecy, and Michael Lang-Alsvik, freemason.
