

Grasping anthropology – guided tour and discussion

## **REPORTING FROM THE FIELD**

7 August 2019, 18:00 - 19:30 PM

What's it like cruising the streets of Bobo-Dioulasso with a cabby all night long? What do you learn from a contemporary artist if you accompany him at every step and turn? How does your attitude change when you see how old plastic bottles being guarded like treasures in Côte d'Ivoire? MA students from the Institute of Social Anthropology talk about their fieldwork experiences in Burkina Faso and Côte d'Ivoire.
