**FROM MAGIC WANDS TO DOPING TESTS – WHAT MUSEUM OBJECTS HAVE TO SAY ABOUT SECRETS**

Was Museumsobjekte über Geheimnisse verraten

31 January 2019, 18:30 - 19:45 PM

You encounter them in powerful conspiracies, in exclusive secret societies, as well as in every family: secrets! Secrets create boundaries between insiders and outsiders, and thus also make effective instruments of social order. The exhibition Secrecy – Who's Allowed to Know What reveals how secrets are woven into all cultural narratives.
